Chairman's Message

بندے بناؤ بندے

Though this statement is very simple but it bears the summary of civilized society and the extirpation of every evil prevalent in our societies. Humanity is the essence of human character or the instinctive religion of man who is the crown of His creation. I suggest the students to adopt any profession they like and they are enthusiastic for, but one profession is common to all of us and that is humanity. While creating the great empire of The Peace Group of Schools and Colleges, it has been my prior aim to educate the young generation in such a way so that they could achieve their goals and compete in the world by first instilling in themselves the spirit of humanity which would ultimately lead to peace in society.

Attending school and securing marks is undoubtedly very important but it alone does not fulfill the task of education. Education also means to draw out all the possibilities within the child. So it is our moral obligation to promote respective factors for the overall character of the students. In this modern era of digitalization I am trying to fulfill all curiosities of the students with distinctive academic programs and knowledge transferring oriented strategies. Humanity is prerequisite to human productivity and developmental process. A healthy civilized community is the infrastructure upon which an economically viable society can be built. Educating the mind without educating the heart is no education at all.

Mr. Sana Ullah Khan
Chairman
The Peace Group of Schools & Colleges, Pakistan.

Our Mission Peace Through Education

Chief Executive

Mr. Maaz Khattak, the Chief Executive of The Peace College Abbottabad hails from a distinguished political and educational family of Khattak dynasty. Being a Master in Political Science, he works efficaciously for the glorification of the institute and actively participates in making policies under the auspices of the reverend chairman. He bears strategic vision and emotional control which is reflected in his judgements. He also has knack for balancing multiple tasks and to delegate them when appropriate. He has the proficiency to organize, plan, instruct and lead the employees. He always tends to be action oriented and knows how to impart the ideals and goals of this alma mater to the staff and students.

The sphinx flight of The Peace School and College, Abbottabad in curricular and co-curricular along with sports on national and international level testifies to the versatility of his personality. His managerial and administrative skills in the mega events of the institutions like, The Peace Festival, The Grand Peace Carnival and in other functions are quite commendable. Courtesy, compassion and consideration are additional feathers in his crown which compliments him in every relationship of life.

International Participations

Proud to represent Pakistan at an International Platform

The Peace has always taken initiatives to give exposure to its students.

In this regard a team of Peacians participated in "Asia Pacific Championship" which was held at Kuala Lumpur (Malaysia).

Mr. Javed Khattak
Vice Principal Discipline

The Peace Festival

The Peace System firmly believes that the most favourable social change can only be brought through a consistent and effective harmony of curricular with co-curricular activities. For the same purpose every year a grand event by the name of The Peace Festival is organized in which all campuses of The Peace System actively participate. All the activities in this event serve to realize the vision of the chairman who believes that students must develop their sense of competition, cooperation and responsibility from the playground. Tolerance, unity and respect for the opponent is another intrinsic purpose of this event. Since eight years the students are demonstrating their abilities in the said event with great spirit. The Peace School and College, Hill Campus Boys & Silk Campus Girls, Abbottabad have the distinction to win this championship four times.

Oath Taking Ceremony of Proctorial Board

It is the process of expressing commitment and allegiance of the Head Boys, Deputy Head Boys, Proctors and Prefects to the institute by formal procedure of conducting oath ceremony. They pledge to never compromise on discipline as it is a lifeblood of any educational Institute. On this day the members of proctorial board are sworn in to be the custodian of the standards of the alma mater.

The Peace Student Councils

Through societies/clubs the institute furnishes opportunities to the students to participate, interact and cooperate with peers in a supervised setting and form relationship with the society outside. All the societies/clubs including Event Organising Committee, Literary Society, Discipline Club, Social Club, Adventure Club, Sports Club, Art Club, Drama Club, Science Club and Entrepreneur Club render a system to correlate academic skills with real world context.

Our Hostel

We furnish healthy activities for our boarders which foster them physically mentally and emotionally. As a result of which overall development of personality is attained.

The Peace Alumni Reunion

Alumni reunion is primarily a gathering but it is a company of those dear buddies who once struggled together to make their future, shared each moment with mixed feelings of joy and sorrow, never thought to be separated in the race of life, they meet once again. They enjoy the same feelings, the same atmosphere, the same fragrance, the same frankness which they once experienced years ago. Bringing together the old departed students close to the system in order to strengthen their affinity is the foremost priority of the management.

Alumni reunion was organized last year on the 20th Anniversary of The Peace System. The program was very encouraging for both the system and the students because it provided an opportunity to both for strengthening their impregnable ties. The old students were provided enough entertainment to make their two days stay more pleasant and memorable. The alumni shared their experiences and memories of the past.

Achievements

Directorate of Youth Affairs arranged a workshop under title: 'Climate and Weather Change'. Young Peacian Nazira Tanoli-President of Students' Council and Head Girl, not only participated but also commenced a session. Pride of The Peace.

Welcome Party

Welcome party is in the traditions of the system which is organized to extend a warm welcome to the students who pledge themselves and become the part of The Peace fraternity. In addition such gatherings strengthen the bond of the juniors with seniors and provide an opportunity to the new students to be familiar with the standards and protocols of the system.

Smart Classrooms

As updated replaced out-of-dated, rapid reinstated slow, creative superseded imitative and virtual displaced hypothetical, in the same way old traditional chalk-board class rooms were replaced by smart classroom. Keeping in view the same virtues the institute promoted smart classroom to promote learning. Digitally equipped classrooms are developed with a vast variety of teaching and learning methods. Using technology along with best teaching techniques do ensure rewarding results of the children.

Montessori Activities

The main purpose of our Montessori School System is to provide carefully planned and stimulating environment which will help the children to develop an excellent foundation for creative learning. Our goal is to evolve whole personality of the child and to promote a belief on spontaneous working of human intellect. Basically we work upon three principles which are observation, individual liberty and preparation of environment with their practical expression.
